Arbour Square of Harleysville, recently hosted their annual Vintage Rods and Classic Wheels Showcase. This was the first year motorcycles were invited to join the lineup and over 40 car and 10 motorcycle owners registered their vehicles all hoping to win The People's Choice Award! Pictured above is Gary Hiller's 1936 Auburn, which was the winner of the People's Choice Award for the favorite car!

Experience the Healing Power of Nutrition!

Dr. Greg White offers Custom Designed Nutrition to Bring out the Best in You!

Nutritional analysis identifies your body's specific nutrition needs. The nutrition plan that is developed for you will allow your body to receive exactly what it needs in order to function at its best. Some of our current success stories have been with fatigue, yeast infections, allergies and weight loss.

Since starting my nutrition program I have more day to day energy. I am not tired anymore! My metabolism is getting turned back on with the nutrition that was prescribed for my thyroid and kidneys. I am back to having more energy with my children and feeling like a better wife. Plus I have dropped 3 dress sizes and 28 lbs. since starting care 2 months ago. I feel great! Now, I have referred my husband for nutrition and he is doing better also.--CZ 11/09

Custom Designed Nutrition will:

- IMPROVE ENERGY, VITALITY AND OVERALL HEALTH
- Rid your body of chemical or metal toxins
- Clean your body of unwanted bacteria, viruses, yeast or parasites

What are YOU waiting for? Call today for an appointment and start your journey to better health through nutrition. **Nutritional Assessments - \$25**

An Afternoon Tea

CareMinders Home Care, Bux-Mont will be offering a program on High Tea, September 22 at 12:30pm at Encore Experiences, formerly Harleysville Senior Center, 312 Alumni Avenue. Indulge in a grand tradition, "An Afternoon Tea". Cakes and Cookies too! Enjoy this time to relax and learn about the history of tea. This program is free

and open to the public.

Encore Experiences at Harleysville mission is to provide access to programs and resources that help older adults live independently and remain active. Anyone interested in learning more about the Center's programs and services is invited to call them at 215.256.6900.

AUDUBON PRODIGY EXCELS IN SCIENCE

Twenty young people in the United States were recently named as 2010 Davidson Fellows. Their work exemplifies the extraordinary work that can be achieved by students who are given opportunities to excel.

One of these students is Benjamin Song of Audubon, who researched colon cancer biomarkers in urine. In recognition of his accomplishment, Benjamin will be honored as a 2010 Davidson Fellow. And he will receive a \$25,000 scholarship from the Davidson Institute for Talent Development, a national nonprofit organization headquartered in Reno, Nev. that supports

profoundly gifted youth.

Benjamin Song, age 16, designed and tested polymerase chain reaction assays targeting a known colon cancer epigenetic marker. His work shows potential for a urine test for colon cancer that is noninvasive, fast, affordable and sensitive. In addition, his method could be adapted to virtually any cancers with known DNA alterations.

For more information on the Davidson Institute, or to learn more about the 2010 Davidson Fellows, please visit www.DavidsonGifted.org/Fellows.

Carol's 7th Annual Run of Love & Family Festival

This year's Carol's Annual Run of Love and Family Festival is shaping up to be the biggest and best yet!
